LOCATION: Kawuneeche Visitor Center - located outside the west entrance to Rocky Mountain National Park, near Grand Lake, Colorado

TIME: 8:00 AM - 4:00 PM

COURSE DESCRIPTION: This all-day birding excursion will begin with a brief indoor session, followed by a day spent in the field within Rocky Mountain National Park. We will identify birds by sight and voice and learn about their natural history. This is prime time to find birds nesting, and we expect to locate woodpeckers, bluebirds, swallows, and wrens at their cavity nests. We will break for lunch at a restaurant in Grand Lake and then resume our field explorations in the Kawuneeche Valley.

COURSE LEVEL: III

Moderate hikes of less than five miles per day with elevation gain of less than 1,000 ft.

BRIEF INSTRUCTOR BIOGRAPHY (additional information available at www.RMConservancy.org):

Jeff worked as a park naturalist for the National Park Service from 1977 to 2009. His special area of interest is birds. He is a Pennsylvania native and has a degree in outdoor education and natural science from Pennsylvania State University. He has worked at Mammoth Cave National Park, Cape Hatteras National Seashore, Edison National Historic Site, Gateway National Park, Redwood National Park and Cuyahoga Valley National Park. He came to Rocky Mountain National Park in 1990.

EXPECTATIONS: Professional conduct will be expected from participants at all times. Individual ideas will be respected. Except during course breaks, cellular phones, pagers, and personal entertainment devices are strictly prohibited in the classroom and during field sessions.

CAR-POOLING: Rocky Mountain Conservancy - Field Institute courses utilize car-pooling to limit vehicles traveling into the park. Car-pooling makes it easier to keep the group together, reduces transit time, and allows courses greater access because fewer parking spaces are required at destinations. In addition, it provides an opportunity for participants to discuss course material in small groups during transit. Typically, a few participants from each course volunteer the use of their vehicles for car-pooling to course locations.

TENTATIVE COURSE SCHEDULE:

8:00 AM - Noon	After introductions and brief indoor sessions, we will car-pool to selected sites in Rocky Mountain National Park and spend the morning in these areas.
Noon - 1:00 PM	Lunch on your own in Grand Lake
