LOCATION: Rocky Mountain Conservancy - Field Institute & Conference Center
1895 Fall River Road, Estes Park, Colorado

TIME: 8:00 AM - 4:30 PM

COURSE DESCRIPTION:

Every April in the high country is a time when we welcome back birds that have spent the winter in warmer climates. Ducks, shorebirds, warblers, swallows, flycatchers, sparrows, sapsuckers, bluebirds and many others return for the nesting season or stop to refuel before heading farther north. Join this spring birding class as we welcome home “our” birds. We will explore several locations in and around Estes Park and Rocky Mountain National Park, identifying as many species as possible by sight and sound as we learn about their natural history.

COURSE LEVEL: III

Moderate hikes of less than five miles per day with elevation gain of less than 1,000 ft.

BRIEF INSTRUCTOR BIOGRAPHY (additional information available at www.RMConservancy.org):

Jeff Maugans worked as a park naturalist for the National Park Service from 1977 to 2009. His special area of interest is birds. He is a Pennsylvania native and has a degree in outdoor education and natural science from Pennsylvania State University. He has worked at Mammoth Cave National Park, Cape Hatteras National Seashore, Edison National Historic Site, Gateway National Recreation Area, Redwood National Park, and Cuyahoga Valley National Park. He came to Rocky Mountain National Park in 1990.

EXPECTATIONS: Professional conduct will be expected from participants at all times. Individual ideas will be respected. Except during course breaks, cellular phones, pagers, and personal entertainment devices are strictly prohibited in the classroom and during field sessions.

CAR-POOLING: Rocky Mountain Conservancy - Field Institute courses utilize car-pooling to limit vehicles traveling into the park. Car-pooling makes it easier to keep the group together, reduces transit time, and allows courses greater access because fewer parking spaces are required at destinations. In addition, it provides an opportunity for participants to discuss course material in small groups during transit. Typically, a few participants from each course volunteer the use of their vehicles for car-pooling to course locations.

TENTATIVE COURSE SCHEDULE:

8:00AM – Noon	After introductions, car-pool to Lake Estes and spend the morning in the area.
Noon – 1:00 PM	Lunch.
1:00 PM – 4:30PM	Birding at Upper Beaver Meadows or Moraine Park areas of Rocky Mountain National Park.

Warm clothes, layers, hats, mittens/gloves, and boots are highly recommended. Also bring snacks, a sack lunch, plenty of water, sunscreen, sunglasses, and hiking shoes.
